Foreword

Methodology

Part 1: Air

Chapter 1:

Air Quality

- Introduction 24
- Sources of Pollution 24
- Air Pollution Harmful Impacts 25
- Air Quality Indicators in Egypt 27
- Causes of Severe Air Pollution Episodes 37
- Efforts made by MSEA during 2007 for improving Air Quality 42
- Most Important Programs implemented to control pollution from vehicle exhausts. 44
- Objectives of the Five-Year Plan (2007 – 2012) 48
- References 49

Chapter 2:

Noise

- Introduction 52
- Main Sources of Noise 52
- Efforts made to Minimize the Adverse Impacts 53
- Noise Levels Indicators for 2007 55
- Future Plan 65
- Terms and Definitions 66

Chapter 3: Climate change

- **Introduction** 70
- **Climate Change Impact on Egypt** 71
- **Egyptian Efforts to mitigate the Negative Impacts** 75
- **Clean Development Mechanism (CDM) Achievements** 76

Chapter 4: Ozone Layer Protection

- **Introduction** 84
- **Harmful Effects** 85
- **Environmental Indicators** 86
- **Efforts made to reduce Negative Impacts** 87
- **Future Vision** 89

Part 2: Water

Chapter 5: Fresh Water

- **Introduction** 94
- **Water Quality in the Nile** 94
- **Lake Nasser Water Quality** 95
- **Indicators of Water Quality in the River Nile and its Branches** 95
- **Efforts made to prevent Pollution of Fresh Water and Lakes** 99
- **References** 102

Chapter 6: Coastal and Marine Zones

- **Introduction** 106

- **Egyptian Coastal Water Environmental Monitoring Program** 106
- **Mediterranean Coastal Water Quality** 107
- **Coastal Water Quality in Red Sea and Gulfs of Suez and Aqaba** 113
- **References** 121

Part 3: Land

Chapter 7: Biodiversity

- **Introduction** 126
- **First: Biodiversity Status, Trends and Threats** 128
 - **Ecosystems and Habitats Maps for Egyptian Fauna & Flora** 131
 - **Coastal and Marine Biodiversity** 133
 - **Biodiversity in Inland Waters and Wetlands** 143
 - **Biodiversity of Dry and Sub-humid Lands** 152
 - **Mountains Biodiversity** 158
 - **Agro Biodiversity** 161
 - **Red List of Endangered Species** 162
 - **Invasive Species** 164
 - **Climate Change Impact on Biodiversity** 166
 - **Bird Flu** 168
 - **Economical, Cultural and Social Importance of Biodiversity.** 169
- **Second: Current Status of Biodiversity National Strategies, Action Plans and Implementation Programs.** 170
 - **Assessing Effectiveness and Experiences of the Strategy** 170
 - **Main Activities of Biodiversity Conservation.** 174

o	Work Program of Natural Protectorates	182
•	Third: Mainstreaming and Assessment of Biodiversity Considerations in Relevant Sectors	185
o	Incentive Measures to decrease Loss of Biodiversity	186
•	Fourth: Conclusions and Future Priorities	188
•	Arabic Selected References	190

Chapter 8:

Tree Planting, Forests and Green Areas & Belts

•	Introduction	194
•	The Green Belt around Greater Cairo (Cairo – Giza – Qaliubia)	194
•	Afforestation using Treated Wastewater	196
•	Efforts made in Planting trees, Green Areas & Parks	204
•	Future Plan (until 2012)	209
•	References	209

Part 4: Urban Environment

Chapter 9:

Environmental Development of Informal Settlements

•	Introduction	212
•	Upgrading Informal Settlements	212
•	MSEA Slums Upgrading Contributions in Collaboration with Integrated Care Society	213
•	Future Trends for Slums Environmental Development	215

Chapter 10:

Energy

•	Introduction	220
---	--------------	-----

- Energy Project Status Quo 220
- Efforts to minimize Negative Impacts 225
- Future Provision 225
- References 227

Chapter 11: Industry

- Introduction 230
- Pollution Sources 230
- MSEA Efforts in Controlling Industrial Pollution Projects 231
 - Ongoing and Finalized Programs and Projects 231
 - Current Programs and Future Vision 232
- Data Sources 239

Chapter 12: Solid Wastes Management

- Introduction 242
- Quantities of SW Generated in Egypt 242
- Current State of Municipal Solid Wastes in Egypt 242
- Reasons Leading to Municipal Solid Wastes Problems 243
- Efforts made to Minimize Negative Impacts 245
- Future Vision 246

Chapter 13: Hazardous Materials and Wastes

First: Hazardous Materials:

- Introduction 252
- Activities made for Hazardous Substance Control in 2007 252

Second: Hazardous Wastes:

- **Introduction** 258
- **Status of Hazardous Wastes in Egypt** 258
- **Potential hazards from Manufacturing, Using and Recycling Plastic** 259
- **Efforts made to mitigate Negative Impacts of Plastic Wastes on the National Level** 260
- **Efforts made on Hazardous Waste Management through International & Regional Cooperation** 261
- **Future Vision** 263
- **References** 264

Chapter 14:

- EEAA Projects Receiving Foreign Support** 267
- List of Abbreviations Used in the Report** 275
- List of Some Environmental Abbreviations** 277
- Contributors** 285
