Word of H.E. The Minister of State for Environmental Affairs	9
Introduction	10
Methodology: Report Objective	12

Chapter I

Review of Policies and The State of Environment in Egypt

1- Air Quality

1-a Introduction	14
1-b Pressures Affecting Air Quality	14
1-c Ambient Air Quality in Egypt and Monitoring Indicators	15
1-d Sources of Air Pollutant Emissions in Egypt and The Most Significant Challenges	20
1-e Air Pollution Abatement Efforts in Egypt	21
1-f Future Vision	24

2- Fresh Water

2-a Introduction	25
2-b Water Resources and their Use in Egypt	25
2-c Pressures Placed on Water Resources	26
2-d Current Status of Egypt Water Quality	29
2-e Water Resources Major Challenges	32
2-f Efforts for Meeting Water Environment Challenges	33
2-g Future Vision	36
2-h References	38

3- Seas and Coastal Zones

3-a Introduction	39
3-b Pressures and Hazards on Coastal Environment	40
3-c Challenges	42
3-d State Efforts in Facing Coastal Zones Problems	43
3-e Marine Environment Pollution Prevention	46
3-f Future Vision	47
3-g References	48

4- Lands	
4-a Introduction	49
4-b Pressures on Land Resources	50
4-c Current Situation of Lands in Egypt	53
4-d Land Resources Challenges in Egypt	54
4-e State Efforts in Combating Land Degradation in Egypt	55
4-f Future Vision	58
4-g References	59
5- Afforestation	
5-a Introduction	60
5-b Objectives of The National Program	61
5-c Program Implementation Sites	63
5-d Ongoing Activities and Future Action Plan	65
5-e Benefits from State Afforestation Planning Efforts	65
5-f Tree Planting and Green Areas in Egyptian Governorates	67
5-g Green Belt Project Around Greater Cairo (Cairo, Giza and Qalioubeya)	67
5-h Future Vision	68
6- Biodiversity	
6-a Introduction	70
6-b National Policy and Strategy	71
6-c Present and Future Protected Areas Network	73
6-d Current National Efforts	76
6-e Future Challenges	81
6-f Future Vision	82
7- Climatic Changes and Protection of Ozone Layer	
7-a Introduction	84
7-b Actors, Pressures, and Impacts	84
7-c Government Efforts to Address Effects of Climatic Changes and Ozone Depletion	87
7-d Egypt's Obligations Towards The Protection of The Ozone Layer	89
7-e Future Vision	90
7-f References	92

Chapter II

Urban Development and Population Activities

8- Urban Communities Environmental Development	
8-a Introduction	94
8-b Urban Environment in Egypt and Major Pressures	95
8-c Challenges Facing Urban Environment and Communities in Egypt	96
8-d State Efforts for Developing Urban Areas	96
8-e Environmental Development in Industrial Zones	98
8-f Future Vision	100
8-g References	101
9- Industry	
9-a Introduction	102
9-b Pressures Caused by The Industrial Sector in Egypt	102
9-c Industrial Environmental Impacts Challenges	103
9-d State Efforts in Integrated Industrial Development in Egypt	105
9-e Industrial Pollution Prevention Project	113
10- Solid Waste Management (SWM)	
10-a Introduction	116
10-b Pressures on The Municipal Solid Waste Management in Egypt	116
10-c Solid Waste in Egypt	118
10-d Most Significant Challenges Facing Solid Waste Management in Egypt	120
10-e Efforts of Ministry of State for Environmental Affairs in Facing Solid Waste Management Challenges	121
10-f Future Vision	125
10-g References	126
11- Hazardous Substances and Wastes Management	
11-a Introduction	127
11-b The Most Significant HWM Challenges	128
11-c State Efforts in Facing HWM Challenges in Egypt	128
11-d Hazardous Wastes Generation Sources and Major Pressures	134
11-e State Efforts in Hazardous Waste Management	135
11-f Future Vision	139

12- Health and Population Status

12-a	Introduction	141
12-b	Pressures	141
12-c	Challenges	142
12-d	State Efforts	143
12-e	Future Vision	145
12-f	References	146

Chapter III

Environmental Management and Policy Analysis

13- Environmental Management and Policy Analysis

13-a	Environmental Information Systems (EIS)	148
13-b	Environmental Crises and Disasters Management	154
13-c	Environmental Impact Assessment (EIA)	158
13-d	Environmental Inspection	163
13-e	Institutional Strengthening	171
13-f	Human Resources Development	177
13-g	Bilateral and Multilateral International Cooperation	182
13-h	Environmental Legislations	197

Chapter IV

Future Steps And Actions

14-	Future Vision for Environmental Action in Egypt	207
------------	--	------------

Annexes

Annex 1	Priority Pollution Hot Spots in Egypt	212
Annex 2	Estimated Investment for Industrial Pollution Control in Alexandria	213
Annex 3	The Executive Stance of Solid Waste Management Projects and Public Cleaning in Governorates	214

Annex 4	Waste Recycling Plants Established in Governorates to date, and Proposed Sites for Implementing 2002/2003 Plan	216
Annex 5	Agreements	218
Annex 6	Foreign Projects	222
	List of Acronyms	237
	Participants	243
