- **Adaptation**
- **Public awareness**

# Article 12

## COMMUNICATION OF INFORMATION RELATED TO IMPLEMENTATION

**Each Party shall communicate to the  
COP, through the secretariat:**

**(a) National Inventory**

**(b) Steps taken or envisaged to implement the  
Convention; and**

**(c) Relevant Information, if feasible emission trends.**

# Core of the National Report

- GHG emissions
- Details of the activities undertaken to implement the Convention,
- The data and procedures are to the most possible extent need to be consistent, transparent and well documented.

# **Decision 17 CP8**

**Guidelines for the preparation of  
national communications from  
Parties not included in Annex I to  
the Convention**

# **EGYPT SNC Table of Contents**

- **Stocktaking of Decision 17/CP8  
Contents**
  
- **Present Table of Contents**

# Table of Contents \_ Egypt SNC

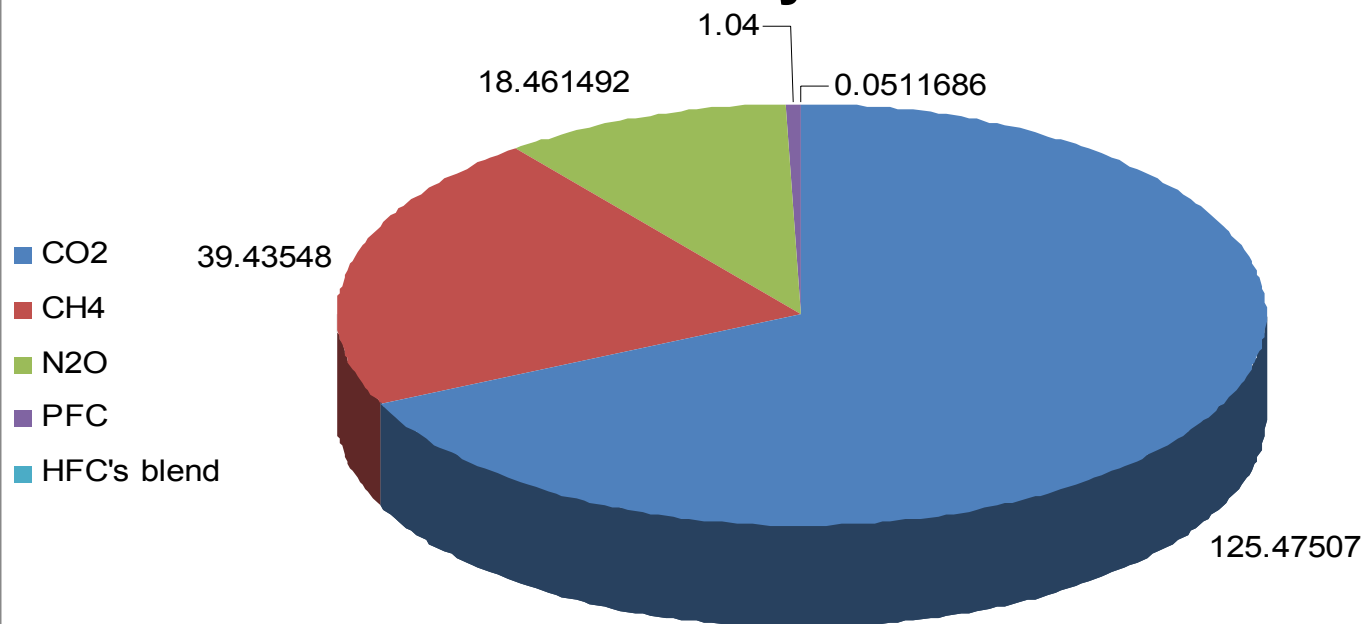

- I. NATIONAL CIRCUMSTANCES
- II. NATIONAL GREENHOUSE GAS INVENTORY
- III. VULNERABILITY ASSESSMENT AND ADAPTATION MEASURES TO CLIMATE CHANGE
- IV. PROGRAMS CONTAINING MEASURES TO MITIGATE CLIMATE CHANGE
- V. INFORMATION RELEVANT TO THE ACHIEVEMENT OF THE OBJECTIVE OF THE CONVENTION  
(Transfer of Technology - Research, Systematic Observation and Networking – Training and Public Awareness)
- VII. FINANCIAL, TECHNICAL AND CAPACITY NEEDS

# **Stages of the SNC Production**

- **Background Papers**
- **Specialized Briefing with orientation to the Table of Contents**
- **Compilation of Chapters using the whole previous work Materials**

# OUTLINE OF EGYPT GHG INVENTORY

**Fig(1): Egypt Emissions by Gas CO2e,  
million ton/ year**

# Fig (2): Emission by Sector, Million ton/year Percentage
