Public Invitation to Early Market Engagement Session

Greater Cairo Air Pollution Management and Climate Change Project

The Ten of Ramadan External Facilities Project — Wet and Dry Utilities, Roads, and Lighting

Loan No.: 9166-EG | RFB No.: EG-EEAA-577941-CW-RFB

The Ministry of Local Development and Environment — Arab Republic of Egypt, through the Greater Cairo Air Pollution Management and Climate Change Project (GCCC), is pleased to invite all interested local and international contractors to participate in an online **Early Market Engagement Session** related to the upcoming tender for **the Ten of Ramadan External Facilities Project (Wet and Dry Utilities, Roads, and Lighting)** — One Lot.

This session is conducted in line with the World Bank's requirement for Early Market Engagement for international procurements and aims to promote transparency, market readiness, and effective competition.

Purpose of the Session

This session aims to engage with the market early and transparently to:

1. Present the scope, objectives, and preliminary requirements of the Ten of Ramadan External Facilities Project (wet and dry utilities, roads, and lighting).
2. Gather initial feedback from potential suppliers on procurement design, delivery risks, implementation feasibility, and market capacity.
3. Encourage participation from qualified national and international contractors, including joint ventures and consortiums.
4. Clarify the World Bank procurement framework applicable to this tender, including:
    - The **two-envelope bidding process** (separate Technical and Financial Envelopes);
    - The **Rated Criteria (quality- and cost-based) evaluation methodology**, including technical evaluation criteria and weightings;
    - The **absence of a prequalification stage** — the tender is open to all interested eligible bidders who meet the qualification requirements set out in the Bidding Documents;
    - The contract disbursement method (**Direct Payment**).

Who Should Attend?

- International and national construction companies.
- Specialised firms in wet and dry utilities, road works, street lighting, and associated civil works.
- Interested joint ventures or consortiums.
- Representatives of industry associations and trade chambers.
